Our Policy of Territorial Expansion Extreme annexationists are advocating the addition of Canada to this country, and think it can be accomplished in a peaceful manner without exerting a quarrel with England. Such grave questions call for the wisest statesmanship, just as dyspepsia, constipa-tion, liver and kidney diseases and malaria call for a thoroughly reliable remedy like Hos-tetter's Stomach Butters. No experimenting should be done with untrued medicines when an old established preparation is to be had.

Hon. Thomas C. Fletcher, the noted war Governor of the State of Missouri is a great friend of Pe-ru-na. He writes: The Pe-ru-na Drug M'f'g Co., Columbus,

Gentlemen-For years I have been afflicted with chronic catarrh, which has gone through my whole system, and no one knows the torture and misery I have passed through. My doctor has prescribed various remedies, and I have never found any relief until I was peruaded by a friend to use Dr. Hartman's Pe-ru-na. After the use of one bottle I been like a new man. It also cured me of a dropping I had in my throat, and built my system up generally. To those who are suffering with catarrh I take pleasure in recommending your great medicine. Very respectfully.
